Continues To Spread In The Infected Cities.

Cool Spell May Help To Stop The Disease From Increasing.

Jacksonville, Fla., Sept. 20.—Forty-five new cases and no deaths is the Key West report for the past twenty-four hours. The people on the mainland are rather inclined to protest against the sponging vessels being permitted to go out from Key West, as there is a likelihood of some of the crews landing in Florida soil.

**SPREADS AT MISSISSIPPI.**

Fever Cases Are Mild, But Some Alarm Is Felt.

Jackson, Miss., Sept. 20.—Not over six or eight towns in Mississippi now maintain quarantines against Jackson and all trains are running on schedule time. The Secretary of the State Board of Health advises interior towns to let down their lines at once and allow traffic to proceed, as there is no longer any further danger of infection from this source.

Frost is predicted for to-night. Reports received at the Board of Health office from Mississippi City are not encouraging. Dr. Gant writes that the fever has appeared on the outside of the original cordon, and while the cases are very mild, he fears a general spread will occur.

**HERE'S YOUR WEATHER.**

A Drop of 65 Degrees In Ten Days.

Ten days ago we were sweltering in the hottest weather for years, with the mercury standing at 103 in the shade. Yesterday morning there was a drop to 38 and a general hustling around for thicker clothing and overcoats. Straw hats were laid aside. Small boys hunted up their shoes and stockings. Summer screens were taken down and grates cleaned out. Ice cream suppers were called off. Coal men looked bland and smiling and the ice men looked correspondingly dejected. In fact Bill Taylor's visit was accompanied by a drop of 65 degrees in the temperature and everybody is talking about the frosty conditions that will make his visit memorable.

Never mind, boys, Bryan will be here next month and we will warm things up again.

A Prospective Candidate For Councilman Becomes A Federal Office Holder.

E. M. Plack has accepted the position of Census Supervisor for the second district and has received his commission as such, signed by President McKinley. As a Federal office holder is not eligible for city Councilman it is not likely that the talk of opposition to Councilman Wall from this source will materialize.

**MARRIED IN NASHVILLE.**

And Returned to This City to Make Their Home.

Mr. J. H. Cates, of this city, and Miss Mary L. Armistead, of Nashville, were married Wednesday afternoon in the latter city. They arrived here the same night and have gone to housekeeping. Mr. Cates was a widower and his bride is a sister of his first wife.

### TAYLOR TALKS.

Says The Republicans Will Go Out With Flying Colors.

Awfully Opposed To The Ballot Reform Law, But Dodges The Separate Coach Question.

While there was no general outpouring to hear Gen. Taylor Wednesday, his crowd was large enough to comfortably fill the court house, and at times there was considerable enthusiasm among the white Republicans. About 100 negroes were present, but there was but little applause from that side of the house, and when Taylor refused point-blank to give his position on the separate coach law, the colored contingent maintained a disgusted silence.

The speaking was advertised to begin at one o'clock, but at that hour only about 300 people were in the court room. The bell was energetically rung up and down the streets and when the speaker began at 1:25 there were about 375 people on hand. Others came in later and probably 450 people heard the speech. There were about a dozen ladies and the Asylum crowd, that tried so hard to prevent Taylor's nomination, was out in force and did much of the clapping.

Gen. Taylor was introduced by Judge James Breathitt, who said he had sprung from the people and had risen by his own exertions, but he did not dwell any considerable length of time on his pedigree.

General Taylor at once began a fierce onslaught upon the Goebel law and the English language. He spoke for nearly two hours and a half. He discussed in a general way the conditions of the country under Republican and Democratic administrations, claiming a great many things that were not true, and attempting to hold the Democratic administration responsible for the panic of 1893. He ridiculed the evils of the trust system, defended the conquest of the Philippines and upheld the single gold standard.

He then turned his attention to state matters and every five minutes digressed from other matters to take a fresh whack at the Goebel law. He grew revolutionary at times in discussing this measure that makes it impossible for Mark Hanna to buy Kentucky, and advised his partisans to defy the law and "stand by the ballot boxes and see their votes counted and drive away every man who tried to prevent it."

This advice coming from the very fountain head of Hannaism in Kentucky, shows how desperate the baffled conspirators are when confronted with a law making it impossible to steal elections in the future.

He declared that the Democrats made no serious effort to pass the Chinn school book bill. That the reason Indiana had a cheap book bill was because it was a Republican State. He then took up the Chinn bill and ridiculed it and its author. Said it was written by one of Jack Chinn's boys who spelled physiology "fiziology."

He then turned against the Republican Indiana law and said Kentuckians would not use the cheap books used in Indiana. Kentuckians did not ride \$20 horses nor would they use ten cent books for their children. He tried to be funny along this line and attempted to prove by figures that Indiana's cheap books cost \$700,000 a year more than Kentucky's high priced ones. In spite of the fact that samples of the books used in the two states were laid upon his stand at Calhoun he repeated the statement that the Indiana books were of cheaper material and binding. He got on both sides of the book question and finally wound up by declaring that the present system was good enough.

He complained bitterly because the Democrats rescued the pen-

rentaries from Republican misrule in the middle of a term and made the statement without giving the proof that the change had cost the state \$60,000 in one year. He never alluded to the scandals in the penitentiaries and in the asylums that made it necessary for Gov. Bradley himself to turn out all of his first appointed Superintendents "in the middle of their terms."

He paid his respects to the Courier-Journal, intimating that its support had been bought by the promise of the public printing. He appealed to the Prohibitionists, the Populists and the Brown followers to bolt their own tickets and vote for him, declaring that the only way to defeat Goebel was to

vote for himself. He closed with a spell-binding peroration against the Goebel law, predicting that he would get 300,000 votes. There were no flowers visible except the somewhat wilted flowers of rhetoric.

We were able to catch a few gems from his speech as follows: "Kentuckians has been called upon." "Human beesins." "President." "Magician's wand"—like band. "We've give." "Fluttering pattering." "Men who work has my feelins." "When thieves fall out honest men prosper." "A hundred thousand Democrats."

Registration Tuesday, October 3, 7 a. m. till 9 p. m.

The State Convention of the W. C. T. U. convenes at Owensboro to-day.

President Diaz, of Mexico, has been granted a leave of absence and will visit Chicago.

Don't complain about the cold snap. It was just the thing that was needed to stop the yellow fever.

The meeting of the State Board of Election Commissioners was postponed Wednesday on account of the funeral of Mrs. Blackburn. It was held yesterday.

New York is now in a fever of excitement over the Dewey Reception next Thursday. The parade is to be a record-beater.

Rev. J. H. James, a life long Republican of Owensboro, made a speech in that city Saturday night declaring that he would vote for Goebel.

Taylor has at last been smoked out and has gone with Rastus on the separate coach issue. All the same he doesn't ride in the Jim Crow car himself.

Mr. Jno. A. Haldeman, one of the three sons of Mr. W. N. Haldeman, and business manager of the Louisville Times, died Monday, aged 44 years. He leaves a wife and three daughters.

Capt. Dreyfus is free at last, but we are not yet done with the Dreyfus case. The pardoned man says he will devote the rest of his life to the work of establishing his innocence and clearing his name.

Former Chief Justice Belvard J. Peters died at Mt. Sterling Monday in the 94th year of his age. He made speeches for Bryan in 1896, at the age of 91 years. He was Chief Justice of Kentucky in 1874-5.

When Senator Goebel gets out of the mountains and learns that Col. Caldwell, Russellville has written him an "open letter," he will be tempted to cancel his dates and return to the hills and hollows and call upon the mountains to fall upon

Rob Lander and Hiram Smith have been given a list of joint appointments by the Republican campaign committee, beginning at Earlington Oct. 2 and covering Hopkins, Webster, Union, Henderson, Crittenden, Caldwell, Lyon, McCracken, Trigg, Todd, Logan, Warren and Muhlenberg counties, and closing at Greenville Oct. 21. The first named was the plaintiff in the test case on the separate coach law, carried up to the Court of Appeals a few years ago. He will probably devote at least a part of his speech to Taylor's attitude on this question—if he can find out what it is.

Our old friend Col. John C. Day, formerly tobacco auctioneer in this city, has turned up as one of the new Democratic district chairman in Louisville. The Courier-Journal has this reference to him:

"John C. Day is a native of Virginia, but came to this city many years ago from Christian county. He is now the oldest auctioneer on the tobacco breaks, and one of the best. Though past the half-century mark he is still an ardent worker in the Democratic party."

Uncle Phil Thompson, a Brownie sage, has over-ruled the Court of Appeals and published a decision in the Louisville Post, in which he claims to have discovered a technical error in the passage of the election law that makes it invalid and of no effect. Uncle Phil forgets that the bill was passed a second time to correct errors, including the error of Gov. Bradley in vetoing so good a law.

Diligent inquiry develops the fact that only two fifty cent pieces have been put in the "Coleman Slot" in this city. There may have been others, but they have said nothing about it. As not less than 1000 letters with two-cent stamps came to Hopkinsville, Bro. Coleman is \$19.00 behind in this city. Goebel is several votes ahead.

We were afraid Bill Owens was going to fight us, but we will have the satisfaction of hearing his famous address to men only next prayer-meeting night. Now if that other delightfully cute purificationist, Bill Sweeney, will only come this way, we will try to worry along without the rest of the Brownies.

There is a scheme being talked of in New York to make Greater New York and one or two adjacent counties into the State of Manhattan. It would have nearly 4,000,000 population and in area would be a little larger than Delaware.

Taylor declared in his speech that he would treasure as a sacred souvenir the pen with which he as "Governor" would sign the bill repealing an obnoxious law passed by the Democrats. P. S.—It was the Goebel law, not the Separate Coach law.

Taylor has a way of shutting his eyes while speaking, and going it blind. He has also fallen into the equally awkward habit of shutting his eyes to the truth.

## Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tubes. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

is coming to vote against Goebel. "Walls of the penitentiary stood like a 'Charred image of Satan, as a memento of the sad past.'"

"He give it away."  
"The eagle mounts to his cry."  
The whole tenor of the speech was coarse, undignified and characterized by ignorant and reckless statements. Taylor is the most conspicuous example of the shrewd, audacious demagogue who has ever spoken here.

In the stand he is totally without dignity or manners. Although there were ladies in the audience, he repeatedly doubled up his leg like the blade of a half-open jack-knife and laid it upon the judge's desk in front of him, three feet high. Once or twice he went further than that and placed his foot on top of the desk, assuming an attitude of a jumping-jack. Again he would lean far over the desk in a wallowing position and attempt to gush the reporters, by telling them to "write that down, won't you?" and other such ill-bred remarks. In some respects Sam Jones might obtain pointers from Bill Taylor. Sam's Scriptural quotations however are generally pretty correct, but Taylor stultified himself every time he tried to quote the Bible. His "Hardened their necks and believed a lie that they might be damned" raised a horse laugh all over the room. Aside from the fact that his under lip is thick and rolling downward, Taylor is rather a good looking man. He has black hair and eyes and is a fine specimen of physical development. It is only when he talks that he appears to such a disadvantage.

We do not know how to size him up any better than to say that he appears to be a pretty good match for Broncho Franks, with possibly a little more sense, but wholly without the graces of oratory that Franks possesses to some extent when in action.

The best thing he got off was when he made the grandiloquent declaration that "we have on hand \$318,000 and when we go out we will go out with colors flying."

The confession that he expected to go out was a break that greatly dismused the Democrats present and the sentiment was cheered in a way that left the speaker in a hacked and dazed condition, until he saw the point.

At the conclusion of his speech some one in the audience asked him how he stood on the Separate Coach Law. He refused to answer, but in turn asked the man, "Who are you that you ask me questions?" Then he added, "If you want any questions asked, let Goebel ask them. I said at Calhoun all I want to say on that question. Go read my Calhoun speech."

The white Republicans cheered but Rastus did not join in the applause. Deboe and Dr. James, who were billed to speak also, were not in evidence.

The series of meetings being held at Little River church are largely attended and much good has already resulted. Among those who have made professions is Mr. Columbus Gilbert, who is 65 years old. The meeting is being conducted by Rev. C. E. Perryman, assisted by his brother, Rev. J. L. Perryman, of Fulton, Ky. Four converts were baptized yesterday morning. The meeting may continue several days longer.

The annual Flat Lick hunt took place Tuesday. Messrs. J. S. Jobe, C. S. Coleman and R. F. Farnsworth, of this place; P. D. Dawson, W. E. Mitchell, of Herndon; Will Dawson, Charles Bagby and Dick Dawson, of Roaring Springs; W. E. Adcock, of Church Hill, and J. J. VanCleave, of Hopkinsville, composed the party. The day was a poor one for squirrel hunting, however, and only about forty of the cunning little animals were bagged. An excellent dinner was served in the woods and greatly enjoyed by the party. It was decided that on the occasion of next year's hunt a sheep be barbecued the night before and a regular camp dinner served.

### TO RECALL HUNTER.

United States Citizens in Central America Sign a Round Robin.

New Orleans, La., Sept. 19.—From authoritative advice received in New Orleans today, the sentiment existing in Central America against W. Godfrey Hunter, the American minister to Honduras, Guatemala, Nicaragua and Salvador, has crystallized and movement is now on foot to have him recalled. To this end the American residents of these four republics have joined in a "round robin." This round robin recites the grievances of the American residents of Central America, and especially the alleged indifference of the American minister toward their claims from the respective governments of the rights due American citizens.

It is stated in the "round robin" that Hunter is not only incompetent, but that he is so tied up with the Central American governments in different schemes that he can take no stand against them.

The "round robin" is signed by four-fifths of the citizens of the United States now in Central America. It will arrive on the next steamer and will be immediately forwarded to the secretary of state at Washington.

### SUPPORT OF GOEBEL.

Harmony Call Issued to the Democratic Party By the National Committee.

The Democratic National Committee has issued from Chicago the following call for harmony in the party and especially in Kentucky:

The National Committee of the Democratic party, in session at Chicago to consider the work of party organization preparatory to the campaign of 1900, sends greeting to the Democracy of the nation, with the assurance that the prospect of Democratic success next year grows brighter every day, and we have every reason for confidence as to the outcome. The great need now is party unity and thorough organization. The committee appeals therefore to our party friends in all states, and especially in the states where elections are to be held this year, to put aside all local differences whenever they exist and support the regular party tickets earnestly and enthusiastically, keeping always in view the great struggle of next year, and remembering that in unity there is strength and in division weakness. Especially do we appeal to the Kentucky Democracy to give loyal support to the regular ticket in that state, headed by Mr. Goebel, and thereby make a sure Democratic victory in the state and the return of ex-Senator Blackburn to the Senate of the United States.

### SOLDIERS TO BE SHOT.

Otis Very Severe in Punishing Privates—How About Officers?

Chicago, Sept. 19.—A dispatch to Times-Herald from Washington says: Privates Damhoff and Conine, sentenced to death by court-martial for assaulting Philippine women, will not receive any mercy at the hands of the President. The sentence of the court-martial will be carried out as soon as the proceedings and findings in the two cases can be revised and approved by him, unless there should be some irregularity about the proceedings.

It is stated upon high authority that the President has fully determined not to interfere in any way in the execution of the sentence of court-martial. He reached this conclusion on the receipt to-day of a message from Gen. Otis, in answer to an inquiry from the War Department, confirming the newspaper representations of the crime committed by these two men and the sentence imposed by the court-martial. Gen. Otis further stated he would forward at once all the papers in the case for review by the War Department, as required by laws and regulations.

"The government of the republic has rendered me liable. To me freedom without honor counts for nothing. From this day I shall continue to strive for reparation for the frightful error of which I am still the victim.
